Re: Promoting the Grand Master's Education Award

The Grand Master's Education Award was created to encourage Lodges to practice excellence in the education of the members of the Lodge and new Brothers joining our Fraternity. These goals are designed to promote the overall use of the Apprenticeship Program both with candidates and as a source of programs and presentations for the Lodge. In addition, we encourage activities that promote quality in lectures, innovative educational activities, and the use of other resources as part of the overall Lodge education program.

Eighty eight lodges qualified the first year of the award. Our hope is that even more will this year. To assist Lodge Education Officers in keeping track of the progress of their Lodge, we offer the Grand Master's Education Award Progress Worksheet.

Once you've completed the application as your Lodge's LEO, please send it to your assigned DEO for review. He will, in turn, email it to the Chairman of the Education & Information Committee.

Included with this memo, you will find a copy of the worksheet and the award application.
