

# Lasting Influence

## The Grand Lodge of Free and Accepted Masons of Ohio Committee on Education and Information

### Preparation:

The object of this lesson is to increase an awareness and understanding of the importance of our works and deeds as Masons. The presenter should familiarize himself with the lesson and questions prior to the presentation.

### Instruction:

Begin by asking the Brethren the five questions in quiz #1. Give them time to try and come up with answers. Next ask them the questions from quiz #2. You should see a remarkable difference in the ease of answering the questions in the second quiz.

### Demonstration:

Ask the Brethren why they feel the second set of questions were so much easier to answer. They should see that it's the people who made a difference in their life that have created a lasting memory in their mind and in effect have helped to make an impact on who they are today. Stress the importance of "practicing what you preach" and living by the sacred tenets of Freemasonry.

### Assessment:

A good indicator that the lesson was well received will be a continuation of this conversation over refreshments after the meeting. The Brethren may even wish to continue the lesson by giving examples of the people who have made such a difference in their lives.

# Lasting Influence Quiz Sheets
